- The backend is built using Nest.js, PostgreSQL, gRPC.
- The app is built using Flutter, gRPC.

Professional Experience

Freelance

Full Stack Developer

2016 – March 2024

- Finished various projects for my clients and have 100% completion rate.
- Among the projects I've done for my clients were mobile apps using React Native, complex CMSs, single-page apps, progressive web apps.
- I am looking for a job opportunities because I want to expand my horizons in a new working environment. While I have experience of working in a team, I want to try working in a bigger team, with more opportunities of exchanging ideas, and new challenges.
